History and Mission

At Aurora Community Services we've spent 25 years helping people live the life of their choosing despite obstacles like disability and illness. As a result, we've become known for being passionate about living LIFE, and about living it in a positive, solution focused, inspiring and FUN way.

As an organization, we engage our 1,000 plus employees in a culture of positivism, passion and creativity. At the center of all we do is the LIFE philosophy – Learning Interactively and Finding Empowerment.
