

# Call Center Wellness PROGRAM

The Wellness Program is designed to provide well-being check-in support to individuals. This can be provided by either a telephone call, text message, email, or webcam as often as needed. This is an excellent service for individuals who may require daily contact due to health concerns, aging, or lack of nearby support systems. This cost-effective program will provide you, your family, and your friends with peace of mind concerning your well-being.

The following support services are available through the wellness reminder program:

- 24/7 Live Call Answering by skilled professionals via telephone.
- Scheduled wellness reminders via telephone.

*Other services available as needed.*
